

*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Chief, Materials Division

DATE: 8 September 1958

FROM : Chief, Chemicals Branch

SUBJECT: Attribution of ERA Reports

The proposal to formally attribute Branch-initiated ERA reports to the authors was discussed in M/CH branch meeting, 5 September. A number of more or less obvious pros and cons were considered but, in general, the analysts saw no particular advantage in adopting this procedure. On the other hand, they saw no important disadvantages in it and would agree with any decision made in the matter.
